The following is the training needed to start in BTIL

1. <u>MRI Safety Training</u>.

Please follow the link http://10.6.195.51/mrSafety/index.jsp and use your credentials to login. This training can only be done on campus.
We should be able to login with you @ucla.edu account (not @medenet).

If you email is not working please contact Wilbur, Heather HWilbur@mednet.ucla.edu and request an account.
Please state that you are a new volunteer in our lab and CC me.

There are 3 parts:

- First, you will get all required information needed to enter a MR room (videos and written material).
- Second, you will take a test to get certified.
- Third, you will be contact by Dr. Peng Hu who will give you a short introductory talk.

  - <u>Duration: 1 hour.</u>

2. <u>CITI Training</u>

Please register to the CITI training website (https://www.citiprogram.org/) following this link https://www.citiprogram.org/index.cfm?pageID=154&icat=0&ac=0
Follow the instructions and once you receive your logins you can do the training.
Please complete the following courses:

  - Basic Human Research
  - UCLA HIPAA
  - Good Clinical Practice

  - <u>Duration: 4 hours.</u>
