

Highlights of Current Research

Ron Hays

UCLA GIM/HSR Introduction to Fellows
August 10, 2007 ~ 12:19 pm

Main Research Projects

- Health outcomes in cancer
 - National Cancer Institute IPA
- Linking preference measures
 - National Institute on Aging
- Item banking (PROMIS)
 - NIH Roadmap for Medical Research Initiative
- CAHPS
 - Agency for Healthcare Research and Quality
 - Centers for Medicare & Medicaid Services

Research Seminar Series - Schedule

Please send email to mlucas@mednet.ucla.edu if you would like to sign up for a talk.

Description

Quality of Life Research is an international, multidisciplinary journal devoted to the rapid communication of original research, theoretical articles and methodological reports related to the field of quality of life in all the health sciences. The journal also publishes editorials, literature, book and software reviews, correspondence and abstracts of conferences.

Quality of life has become a prominent subject in biometry, philosophy, social science, clinical medicine, health services and outcomes research. Therefore, the journal's scope reflects the wide application of quality of life assessment and research in the biological and social sciences. Manuscript submissions of original work are subjected to peer review for originality, scientific quality and relevance to a broad readership.

Impact factor: 2.037 (2006)

Section "Health care sciences & services": Rank 15 of 56

Abstracted/Indexed in:

CAB Abstracts, Current Contents / Social & Behavioral Sciences, EMBASE, Index Medicus/MEDLINE, ISI Alerting Services, Psyc-INFO, Psychological Abstracts, SCOPUS, Social Science Citation Index (SSCI)
